## MISSION DRIVEN PHYSICIANS

Training and inspiring fellow physicians. Providing free surgical care in some of the poorest countries in the world. Helping to create a regional trauma and emergency healthcare system. Advancing caregiver communications. Sparking a national revolution in social exercise. These are all amazing accomplishments. More amazing, though, are the people behind them. Dr. Keith Berend. Dr. Adolph Lombardi. Dr. Medard Lutmerding. Dr. Martha Reigel. Dr. David Sabgir. All are Mount Carmel physicians who take our mission of service as seriously as the causes they espouse and the patients they care for. That's why they're being honored as Health Care Heroes. And why they should be.
