

SUBJECT: Collection Development: Selection

MANUAL: Health Sciences Library Procedure & Policy

POLICY: Selection (print and/or electronic)

RESPONSIBLE PERSONS: Library Staff & Customers

POLICY

1. The Library staff is responsible for maintaining current editions of reference and core titles, which support the mission of Mount Carmel Health Sciences Library in accordance with established financial allocations.
2. Physicians, Program Directors, Mount Carmel College of Nursing Faculty, Clinical Educators and other Mount Carmel Medical Staff involved in patient care shall review and recommend materials in clinical health sciences. Emphasis shall be given to materials that support the fellowship and residency programs as well as the Mount Carmel College of Nursing.
3. Appropriate titles on standard core lists, such as the Medical Library Association, the National League for Nursing and other recognized professional or accrediting agencies will be included.
4. Non-clinical items added to the collection will be included at the request of Mount Carmel staff, as they apply to the mission of Mount Carmel Health System. (see also Special Collections)
