“This is a Test... This is Only a Test”

Active Shooter Response DRILL at MCCN on Monday, April 19

Active Shooter Drill Set for Monday, April 19. Dr. Ann Waterman’s class NURS 400R is one among many MCON classes instructed by Mount Carmel Safety and Security in preparation for the upcoming drill. Shown left to right (back row): Assistant Professor Ann Waterman, PhD, RN, officer Tony Cox, officer Jason Deckter, student Tori Wilmert; front left to right: students Kelly Tomlinson, Amy Rudecki, and Leslie Pax.

“We hope and pray that the day never comes when the College would need to actually use this emergency plan, but the drill on April 19 will give us hands on experience to make us better prepared for such a situation,” said Dr. Schiele, President/Dean, MCCN. “Our concern for our students, faculty and staff makes us determined to be effectively ready and responsive should a crisis occur.”

The drill Dr. Schiele is referring to is the “active shooter” drill scheduled for Monday, April 19, on the Mount Carmel College of Nursing campus. The exercise will be similar to many conducted recently on college campuses across the nation. It has been carefully planned and will be just as carefully implemented.

“This is a Test...This is Only a Test”

“We’ve all heard this familiar phrase countless times, usually associating it with the testing of a weather-related emergency siren. On Monday, April 19, here at MCCN, there will be test of the emergency response systems at the College and in the community to a simulated active shooter scenario.

The April 19 drill at MCCN, planned and held in partnership with Mount Carmel Safety and Security, and the Columbus Police Department, is the first active shooter response drill of its kind to be performed at a college or university in central Ohio. To make this drill as effective as possible, plans have been ongoing for over a year.

“Safety and security are of utmost importance,” says Dr. Schiele. “There have been multiple meetings, detailed studies, and focused discussions leading up to the drill on April 19.”

The governor and the Ohio Board of Regents have called for all colleges and universities in the state to review crisis management, particularly in light of the incidents over the past few years at University of Alabama, Virginia Tech, and Columbine among others.

Dr. Schiele asks for everyone’s cooperation with the exercise and apologizes for any inconvenience or concern it may cause. “The safety of our students, faculty and staff is our highest priority, and this drill will help us ensure that we’re doing our best to keep everyone safe.”

Next Rapper issue: What to expect during the drill; what you need to know about the drill, and what you should and should not do on Monday, April 19.

March 29, 2010
Senior Spotlight on MARY BAKER

Baker: Why did you decide to become a nurse?

Baker: When I was 12, my 92-year-old grandmother came to live with us after a hip fracture. She lived with us for eight years, the last two with dementia that required 24-hour care. During this time, I became certain I wanted to be a nurse. The idea had been forming since early childhood; my parents are nurses and nursing professors, and my older brother and sister went on to work in nursing. In 2007, I participated in my church’s mission trip to Haiti. We opened a clinic that had been closed for years and treated over 400 patients. We returned the following year and again treated over 400 patients. I was already enrolled in nursing school, but these experiences ignited my passion. My desire is to use my education to serve the sick and injured and save their lives. This is why I decided to become a nurse.

Baker: Why did you choose MCCN?

Baker: Larger because of the family ties; my brother and sister are both graduates of MCCN, and my father was a professor at MCCN for almost ten years. I also prefer the small student/professor ratio. I was drawn by the College’s reputation and faith-based philosophy. The close environment makes the experience more personal, and the instructors have a helping relationship with the students. The faculty, staff, and administration go out of their way to make students feel welcome at the college, and to make success a reality for earnest students.

Rapper: From the vantage point of senior year what have been the high and low points of nursing education?

Baker: The high point of my experience was induction into the International Honor Society of Nursing. The nursing education at Mount Carmel is exceptional; I cannot think of any low point in my experience here.

Baker: What activities have you been involved with at the College?

Baker: I served as a counselor for Camp Mount Carmel 2008 and 2009. I participated in the College’s program, “A Girl’s Life,” multiple times. I won a student representative for the College at the Statehouse for Independent College Day, where we advocated for federal funding for Independent Colleges of Ohio. I also participated in select fundraising for the College.

Baker: What activities, commitments keep you busy outside of class and clinicals?

Baker: I am a Patient Care Assistant in the Float Pool at Mount Carmel East Hospital. I also teach the Primary Sunday school class, play the accordion, and sing at my church. I am very involved with international missions, and participate in a medical mission trip every summer.

Baker: What are your plans after graduation? Long-range career/educational goals?

Baker: My plans include enrolling in a Nurse Practitioner program and obtaining a certification as a Clinical Nurse Midwife. I also plan to acquire a master’s in education, become a nursing professor and a clinical instructor. After gaining knowledge and experience, my long-term goals are to be involved in long-term foreign medical missions.

Baker: What is one piece of advice you would like to share with current MCCN students?

Baker: Study hard! Take everything your teachers say to heart and know they are doing everything in their power to help you become a wonderful nurse! Remember that one day you will have responsibility that can save or take a life.

Snider: I have always wanted to work in healthcare. In my younger years, I wanted to be a physician. As I grew older, I realized that I loved taking care of people. I was raised with kindness and compassion instilled as the norm. My father is a pastor, and our family constantly ministered to others experiencing grief and loss. I became aware of my own desire to care and heal when I could.

Snider: Why did you choose MCCN?

Snider: I had friends who attended here and encouraged me to apply. I was very happy with MCCN’s reputation as a prestigious, well-respected College graduating baccalaureate-prepared nurses.

Snider: From the vantage point of senior year what have been the high and low points of nursing education?

Snider: I came wanting to be an acute care nurse and had the best experience during my acute care class. I learned so much during that amazing class! I am sure there have been ups, but the highs have been much more memorable, and I am as grateful as I kept on even during the “losses.”

Snider: What activities have you been involved with at the College?

Snider: I currently serve as SGA secretary, and served as a class representative. I have been privileged to serve on the Academic and Professional Misconduct Committee for two years. I volunteered on the June 2009 Mexico Mission Trip and took supplies to The Gambia, West Africa, in June 2008. These experiences have been eye-opening and will serve me well in my career.

Snider: What activities, commitments keep you busy outside of class and clinicals?

Snider: First of all, I am a wife and mother of three wonderful children: Kaitlyn, ten; Parker, eight; and Kelsi, seven. I attend their school PTF meetings and try to be as active in their education as possible. At church, I teach the teen Sunday school class and serve as choir director. I volunteer at two nursing homes each month and work in the emergency department at Mount Carmel East (MCE). While I do have my hands in too many things, I love being busy. I would not know what to do with a “normal” life.

Snider: What are your plans after graduation? Long-range career/educational goals?

Snider: I am thankful I have a job offer as a nurse in the MCE emergency department. I plan to pursue a master’s with a specialty in acute care nurse practitioners. I love the learning process and may someday enjoy teaching nursing students. My future plans also include missionary nursing. I have a soft spot for the underserved and would love to minister someday to their needs on a regular basis.

Snider: What is one piece of advice you would like to share with current MCCN students?

Snider: Study hard! Take everything your teachers say to heart and know they are doing everything in their power to help you become a wonderful nurse. Remember that one day you will have responsibility that can save or take a life.

Rapper: Announcing a Junior-Level Curriculum Change

In the MCCN curriculum, the major thrust of medical surgical nursing content is preserved at the junior level (sophomore level is foundational; senior level builds upon the content). In keeping with this focus, there will be a change in the current delivery of Med Surg I and II (NURS 305 and 306) effective fall semesters 2010. The content of NURS 305 and 306 will be combined to form the new Med Surg course, NURS 308. NURS 309 will be taught as a 16-week nursing course with more clinical days devoted to patient care experiences. This curriculum change is taking place to more effectively meet course objectives and to introduce the content logically, sequentially, and consistently.

Coarse Description, NURS 309

Prelicensure students who want to verify current completion of program requirements may schedule an appointment to review their degree audits. Contact Maggie Miller at (614-234-9595) to schedule an appointment.

RN-BSN Completion and Master’s students should contact Rip Sexton, Program Coordinator, (614-234-5169) with questions about degree progression.

Degree AUDITS

Prelicensure students who want to verify current completion of program requirements may schedule an appointment to review their degree audits. Contact Maggie Miller at (614-234-9595) to schedule an appointment.

RN-BSN Completion and Master’s students should contact Rip Sexton, Program Coordinator, (614-234-5169) with questions about degree progression.

Affiliated Course SCHEDULE

Spring quarter starts March 29 at Columbus State Community College and The Ohio State University. Any student taking a spring quarter class at one of these affiliated institutions is required to submit a copy of his/her course schedule to the MCCN Records and Registration Office (Marian Hall, Room 201).

All students must submit their CSCC or OSU course schedules to MCCN (or copies) for review. If students neglect to submit the required documentation, they will be charged the full tuition cost. If students neglect to submit the required documentation, they will be charged the full tuition cost.

A GIRL’S LIFE

Set for April 22

The next “a girl’s life” program, sponsored by Mount Carmel College of Nursing, is set for April 22 at Mount Carmel East in the Negel Center.

The program is designed for girls ages 9-12 and their moms or special adults and focuses on issues of adolescence and self-esteem. Cost is $25 per girl, which includes a tote bag, book and snacks. To register, please go to http://www.mccn.edu/news-events/a-girls-life.html to download a form or call 614-234-JFL.
On February 24, Mount Carmel College of Nursing was well represented at the annual Nurses Day at the Statehouse by eight RN-BSN students, four students in the pre-baccalaureate program and five faculty members. We reserved two tables so that we could sit together.

The first part of the program included remarks from several legislators, including Senator Sue Morano, RN — the ONLY nurse in the General Assembly. A panel of nurses from many areas of nursing each presented a three-minute highlight of their legislative issue. Again, MCCN was well-represented; speakers included Mount Carmel grads, Jeri Milestean ’57, Suzanne Martin ’66, Beth (Campbell) Foster ’75, and Nick Chmielewski ’94.

Following the program, our students and faculty visited the offices of State Senators Schaffer, Hughes, and Goodman. Lunch provided another opportunity to speak with legislators, and we found Representative Dan Stewart surrounded by MCCN students. Stewart’s district includes Mount Carmel, and he is a regular guest speaker in the Health Policy class.

Following lunch, meetings with the aides to the State Representatives were held in their respective offices. Following those meetings, some students stayed to attend a hearing.

Again, it was a GREAT day — must said, “eye opening.” The experience will help these one-day nursing graduates realize how important it is to work with legislators and possess an increased “comfort level” to do so, as a result of Nurses Day at the Statehouse. MCCN plans to participate in Nurses Day at the Statehouse again next year. If you are interested in attending next year’s event, please contact Pat McKnight.

ATTENDANCE

Students from the RN-BSN Program: seated left to right, Christa McKerman, Deb Price, Julie Roth, and Toni Chops (faculty); standing left to right, Debbie Allomare, Shelly Brown, Pat McKnight (faculty), Cathy Lapp, Leslie Pox, and Andrea Warren.

Seated left to right: Erin Rodas, Angela Snider, and Alyncia Bowen. Standing left to right: Denise Taylor, Lisa Robinson, and Ann Waterman.
Annual Phone-a-thon Raises Funds for Scholarships

Volunteer callers contacted Mount Carmel alumni from the class of 1912 to the class of 2009, to raise funds for student scholarships. The majority of the volunteers were students, nearly 40 of them and many of them scholarship recipients themselves. Ten faculty and staff, including President/Dean Dr. Ann Schiele, also volunteered, as well as five alumni who contacted members of their classes.

“Our student volunteers did a very good job with the calling. They engaged people on the phone, and were very pleasant and conversational,” said Kathy Rapp.

“We would like to extend a huge and heartfelt thank you to all of our volunteers,” added Phyllis Crook, Coordinator, Alumni Relations.

Student Volunteer Phone-a-thon Callers

- Mary Baker
- Emily Berry
- Lori Boley
- Aileen Brewer
- Bridget Brandon
- Teri Burleson
- Rochelle Burton
- Tracie Bublak
- Sarah Compton
- Chasie Cummings
- Joe Darr
- Ophra Dolman
- Sarah Eichhorn

Volunteer callers (left to right): Bridget Brandon, Heather Harvyasi, Deborah Williams, Jan Bunker, Torri Rapp, and Shirley Cooley

GRADUATING Student Luncheon

From left: Brandon Paris, Daniel Duble, Luke Vohsing, Jennifer Young, and Alyson Evans, Master Program

Front row, l-r: Crystal Goods, Ruth Moyer, Greg Mountain, and Andrew Wasson; back row: Kristeen Zollinger, Joy Young, and Alyson Evans

From left: Brandon Paris, Daniel Duble, Luke Vohsing, Jennifer Young, and Alyson Evans, Master Program

Front row, l-r: Nicole Thomas, Stefan Weber, Tristan Murray, and Chika McTier; back row: Chelsea Vest, Kelly Townsend, Dana Kisa, Christina Schueller, and Kelley Dobek

Students danced, enjoyed a baked potato bar and root beer floats, hung out and enjoyed each other’s company.

SIGN UP TODAY!

BE PREPARED for the Active Shooter Drill and Weather Cancellations!

Faculty, staff, and students are strongly encouraged to register for the Communications Alert System as soon as possible.

Please see below on how to register. Remember when registering you MUST:

- Use a Mount Carmel computer (if you are a student you may want to stop by the CLI 2nd floor MCCN computer lab).
- Use a Mount Carmel computer (if you are a student you may want to stop by the CLI 2nd floor MCCN computer lab).
- Be Prepared for the Active Shooter Drill and Weather Cancellations!
- Sign Up today!

BE PREPARED for the Active Shooter Drill and Weather Cancellations!

- Enter your network ID and password
- By signing up for the MCCN Communications Alert System you can be alerted and informed in times of crisis, disaster and weather situations. Faculty, students and staff may self-register for the new system by using an on-site MCCN computer.
- Via Insight, enter internet address http://mccnalert.mchs.com and simply follow the prompts.
- Be sure to do the self-test that is part of the self-register process to confirm that the registration has taken place.
- The alert system messages are TEXT ONLY and can be sent to cell phones, pagers, personal computers or other electronic message devices. There are no limits to the number of devices that can be listed.
- You must register in order to be contacted and check the box to agree to assume any charges for alert system messages.
- It is recommended that users extend out one-two years. (Updates necessary if phone service, etc. changes.)
- If your devices are highlighted in red, click on devices address (on left), which will take you on a page with a calendar ICON.
- If your devices are highlighted in red, click on devices address (on left), which will take you on a page with a calendar ICON.
- If you receive an alert, please check your account. Go into http://mccnalert.mchs.com (via Insight on a College or Mount Carmel computer only), and update the expiration date. Your log-in is your MCCN login (first/last initial and your ID #) and your password is your MCCN password.
- If you have questions about the new system or need help signing up or updating, please contact one of the following individuals who will help you with the process:
  - Robin Hutchinson Bell (Marian Hall 313) rhutchinson-bell@mchs.com or 254-1372
  - Berenda Binkley (Marian Hall 310) bbinkley@mchs.com or 254-5726
  - Sherry Hull (Marian Hall 302) shull@mchs.com or 254-5777

The Carmel RAPPER

The Carmel Rapper is provided biweekly by Mount Carmel College of Nursing with the assistance of Mount Carmel’s Creative Services and Marketing Departments.

Managing Editor: Robin Hutchinson-Bell
Editor: Elaine Kehoe
Deadline for information is every other Monday at noon.
For information or to comment, contact Robin Hutchinson Bell: 614-254-1372 or rhutchinson-bell@mchs.com.
Scholarship OPPORTUNITY for 2010 Nursing Grad

The American Association of Critical Care Nurses--Central Ohio Chapter (AACN-COC) is proud to offer a senior nursing student with the desire to become a critical care or progressive care nurse, a $500 scholarship to use at your discretion.

The eligibility criteria:
• Senior nursing student who has or will graduate in 2010 and has not yet passed the state board exam
• An interest in critical or progressive care
• One written professional reference and contact information for two other personal or professional references
• Short essay addressing two topics: 1) Why you chose to become a nurse 2) Who and/or what experience inspired your desire to become a critical care or progressive care nurse

The AACN-COC was established in 1975. Meetings occur on the third Wednesday of the month, September through May. Benefits of belonging to the organization include networking, educational offerings with contact hours and discount, professionalism, opportunities to serve and develop leadership skills, and most of all a place to have fun!

AACN-COC board members request that the student who is awarded the scholarship attend the meeting on May 12, 2010, for a presentation of the monies.

For more information contact us at aacncoc@yahoo.com or call President: Vickie Gloeckner 998-8610 or 234-7793 Secretary: Anna Bockert 254-6980 Treasurer: Diana Billie 557-6008

Please submit your essay and references by April 16, 2010 to: AACNCOC, PO Box 485, Columbus, Ohio 43216.

We look forward to you joining the exciting fields of critical care and progressive care nursing and hope we are a part of your journey.

Respectfully,

AACN-COC Officers and Board Members

Vickie Gloeckner, Anna Bockert, Cheryl Williams, Diana Billie, Raejeanne Powers, Barb Potts, Michele Lindner-Nash, Dorina Harper, K. Ashworth, Barb Powell

EASTER EGGS: More than Just a Holiday Art Project

By Jenny Lobb, Dietetic Intern

Every Easter, my family gathers together for an afternoon of coloring Easter eggs. Maybe your family has a similar tradition. If so, what do you do with all those eggs when the coloring has come to an end? Do you use them as weekend decoration? Throw them away? Eat them along with your holiday dinner? This year, if you don’t already, try to take advantage of the wonderful nutrition that eggs offer!

Eggs are a nutrient dense food, meaning that they are rich in nutrients when compared to the number of calories they contain. A large egg contains only 70 calories, but packs six grams of protein and a variety of vitamins and minerals. Riboflavin, folate, vitamin B12, and vitamin D can be found in an egg. Eggs also contain two antioxidants, lutein and zeaxanthin, that contribute to eye health.

Although eggs are high in cholesterol, research has shown that regular egg consumption is not associated with increased cholesterol levels or coronary heart disease. It is an individual’s total cholesterol that is associated with increased risk of coronary heart disease. Eggs can be consumed up to seven days a week as part of a healthy, balanced diet. In addition to being nutritious, eggs are inexpensive, easy to prepare, and extremely versatile. Eggs can be poached, scrambled, boiled, or fried. They can be used to make egg salad, omelets, quiche, or frittata.

Prior to purchasing eggs, open the carton to make sure that the shells are intact and not cracked. Eggs can be stored in the refrigerator for four-five weeks beyond their pack date or for three weeks after they are brought home from the store. For more information on selecting, storing, and cooking with eggs; or to find egg recipes, visit www.incredibleegg.org. A recipe for Pasta Salad (with eggs) and herb vinaigrette is below.

Pasta Salad with Herb Vinaigrette

6 oz wheel-shaped pasta, cooked and drained
1 cup chopped fresh broccoli
6 hard boiled eggs, cut into wedges
½ cup chopped tomato

Dressing:
1 ½ cup white wine vinegar
1 tsp dried basil leaves
2 Tbsp olive oil
1 tsp dried oregano leaves
2 Tbsp water
½ tsp garlic salt
Whisk dressing ingredients in small bowl until blended. Combine pasta, broccoli, tomato and carrot in large bowl. Pour dressing over mixture and toss until evenly coated. Add egg, toss briefly. Cover and refrigerate at least four hours to blend flavor. Makes 6 servings.

Nutrition Facts (per serving): 541 calories, 15 g fat (5 g saturated), 308 mg sodium, 36 g carbohydrate, 5 g fiber, 16 g protein

Healthy Tips: Use your favorite reduced-fat Italian dressing in place of the dressing listed above.

REVISED

Smoking Policy

Tobacco use/smoking is prohibited on any Mount Carmel property — indoors and out — including parking lots, sidewalks, garages, inside cars on Mount Carmel property, inside and outside the College and Resident Apartments including the sidewalks and grounds surrounding them. Further, students are prohibited from smoking anywhere while wearing their student uniform, lab coat and/or student ID badge.

Violators will receive one verbal warning. Consecutive instances of non-compliance may result in dismissal from the residence hall and/or college.

SNAM News

Schedule of SNAM Activities

April 7-11 — NSNA Annual Convention in Orlando, FL

April 26 — SNAM Meeting

Mexico Mission Trip CANCELLED

The planned Mexico mission trip sponsored by the West Ohio Chapter has been cancelled, due to safety concerns.

We are appreciative of the leadership of Hannah O’Handley, MCCN faculty, and of Dr. Jack O’Handley who was to be the team leader for this trip. We are sorry for the patients we will not now see. Some of them use us as their primary care doctors and we see them every time we come. They trust us and look forward to our coming several times a year.

Grateful thanks go to all of you who have donated items for this trip. Our plan is to give the items to the homeless shelters in Columbus, the YWCA Family Center, and several safe-houses for battered women and children.

Some students have come forth with ideas to distribute the items to people who might need them, such as nice gift bags to give to the students at Avondale School. Some want to take gift bags to the patients in the Rehab Facility right next to the hospital. They may be able to be ready by Easter.

However, if you would like to have your items returned to you we will certainly do that. Please let me know as soon as possible. Please join in prayers for the people in Mexico.

Kathy Epp, 254-5276

If you know of someone ready to realize their dream of a career in nursing at our MCCN-FMC campus, invite them to join us for Mount Carmel College of Nursing at Fairfield Medical Center Information Session and Pizza Lunch Thursday, May 6, 2010 Ohio University Lancaster/Upper Lobby 11:30 a.m.-1:30 p.m.

Are you ready to realize your dream career in nursing? Learn more about pursuing a Bachelor of Science in Nursing degree at Mount Carmel College of Nursing at Fairfield Medical Center (MCCN-FMC) at a free pizza lunch and information session. Meet admissions staff, students, and faculty – and take the next step in achieving an exciting career in the high demand field of nursing.

To RSVP call 800-225-0581 TODAY!
**GRADUATION Countdown**

This series of details highlights key information graduating students need to know before May Commencement. Check this listing for important deadlines and suggestions to keep you on track to graduation.

1. Complete your Community Service Program requirement and submit documentation to Mary Nibert.

3. Update your degree audit to make sure you are on track to complete all graduation requirements. Pre-licensure students contact Records and Registration; RN-BSN and Master’s students contact Kip Sexton, Program Coordinator.

4. Attend the graduation celebration luncheon on Thursday, May 6, 12 noon, at the Berwick Manor Party House, 3250 Refugee Rd. (professional dress is expected).

5. Attend Pinning and Commencement rehearsal at First Church of God immediately following the celebration luncheon on Thursday, May 6.

6. Prepare for graduation events:
   - Pinning & Recognition Ceremony will be Friday, May 7, at 7 p.m.
   - Commencement will be Saturday, May 8, at 1 p.m.
   - Both events will be held at the First Church of God, 3480 Refugee Road

**NURS 408 Clinical Preferences**

Students have the opportunity to indicate preferences for clinical site (the type of unit) for NURS 408. A letter explaining the process and a form to print and complete will be posted on WebCT Resources near the middle of the term PRIOR to the term you will take NURS 408. Watch WebCT Resources DAILY for this posting.

After carefully reading the letter and completing the form, take the form to the Marian Hall front desk promptly. Request that it be date/time stamped and placed in Ann Waterman’s faculty mailbox. Your clinical faculty will contact you regarding placement near the end of the term.

Although the preferred clinical days are M-T-W day shift, the student is expected to be flexible and work the preceptor’s schedule for an average of 24 hours per week. Weekends and shifts other than day shift are to be expected.

Questions? Email Ann Waterman with N408 in the subject line: awaterman@mchs.com

**Congratulations To...**

Sophomore Kayla Munk, who has received a $2,500 scholarship sponsored by Johnson and Johnson through the Foundation of the National Student Nurses Association (NSNA)! She will be recognized as a scholarship recipient at the Annual NSNA Convention in Orlando in April.

Our Nightingale indoor soccer team, which is currently in first place in the Soccer First league with a 6-1 record and just two games left to play! This is the same indoor soccer team that won the championship in the winter.

---

**Notes:**

1. NURS 421 faculty will provide final exam information to students.

2. Faculty will schedule Seminar and RN-BSN final exams as needed.

3. All final grades will be accessible by students in June (for those without record holds) via the Student Portal CARMELink. Please Note: We do not mail grade reports.
