As part of the i-INNOVATE program, MCCN is dedicated to providing students with the training and resources that will help enhance learning through the use of iPads. Please follow the instructions below to find training videos and resources to assist learning the abilities of your new iPad.

**Option 1: (Particularly for those who want extra help setting up iPad)**

1. Log onto a desktop or laptop computer that has internet service.
2. Open a web browser (preferably Chrome, Firefox, or Safari) and go to the website:
   
   https://mccn.instructure.com/enroll/XMAHGY
3. Click “Enroll in Course.”
4. You now have access to the course and it resides in your dashboard. To go directly to the resource page, click “Continue to Course.”

**Option 2:**
1) Turn on your iPad and walk through the setup.

2) Once on your homescreen find the red “MyMCCN | Canvas tile. The app title should say “StudentiPad…” Tap it once.

3) Log into Canvas when prompted.

4) Click Enroll in Course

5) Click continue to course.
