Designed to
fit neatly into
your life.

“I am able to continue my education in the comfort of home while working and raising my family.”

Our Flexibility

Flexibility is key to our program in every area. You will progress according to your timetable and your life. Our program promises you a personalized educational experience. You set the pace.

Our Engaging Curriculum

Our curriculum features a wide spectrum of classes and coursework to facilitate learning that integrates the most current knowledge — from the humanities, liberal arts, and sciences — with today's health issues.

Evidence, best nursing educational practice, and quality are the basis of every course we offer. We built our Online RN-BSN Completion Program according to standards of quality developed through national research in online learning from the student perspective.

To ensure quality, our online nursing faculty members complete continuing education in online teaching methods and strategies based on best practice and evidence. Providing you with a seamless academic transition and foundation is our priority.

A leader in nursing education for more than a century, Mount Carmel offers an evidence-based and flexible online RN-BSN Completion Program designed by expert faculty—all to fit the busy lifestyles and schedules of licensed registered nurses. With full accreditation and a student-first focus, Mount Carmel College of Nursing is committed to advancing nursing careers to meet the critical demands of today's healthcare environments.

Our Accessible Advantage

The Online RN-BSN Completion Program means you'll enjoy convenience and flexibility while you're learning. Our program is designed around you — the licensed nurse who wants to advance their career with a Bachelor of Science in Nursing (BSN) degree.

Transcript evaluation is required to determine if any additional coursework is needed. Most students have the required 52 semester credits of general education coursework and 32 semester credits of nursing coursework to begin the program. As a working Registered Nurse, you will appreciate our non-traditional clinical experiences developed to expand your knowledge while fitting into your life.

Full time doesn't fit? Part time study is also available.

Mount Carmel College of Nursing

The Online RN-BSN Completion Program

Our Student-Centered Philosophy

Our program begins with an online orientation course that increases your comfort in an online learning environment. From admission to graduation, you can depend on focused attention throughout the program, as well as direct interaction between you and your faculty. Our experienced online faculty teach you to use web chatting technology so that you may meet with them face-to-face and build a positive, working relationship.

We keep our student/faculty ratio low, with no more than 30 students in our online undergraduate courses benchmarked against national best practice guidelines. Courses that require more faculty engagement — more one-on-one with students — will have less than that. Our support systems give you the maximum opportunity for success.

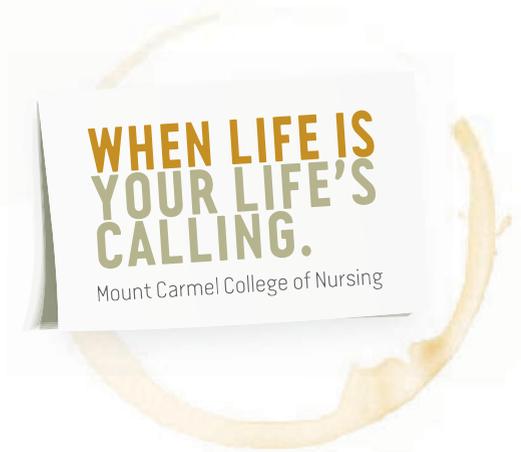

Our students and graduates say that Mount Carmel College of Nursing offers flexibility, individualized attention and guidance from faculty necessary for working Registered Nurses with busy lives.

Award-Winning Program

The Online RN-BSN Completion Program has received national recognition and ranking for acceptance, admission, retention and graduation rates by bestcolleges.com and for affordability and competitiveness by bestmasterofscienceinnursing.com.

Our Reputation for Excellence

Mount Carmel has a rich history in nursing education, with a strong and proven reputation as a leader in nursing education for more than a century. Founded in 1903 by the Congregation of the Sisters of the Holy Cross, Mount Carmel is one of the largest undergraduate nursing programs in the United States. A private, Catholic and specialized institution of higher education, MCCN offers undergraduate and graduate programs and continuing education.

Our Partnerships in Healthcare

“Joining Forces” Initiative – Implemented in Online RN-BSN Completion Program

Member of national initiative led by:

- American Nurses Association, American Academy of Nurse Practitioners, American Association of Colleges of Nursing, and National League for Nursing and U.S. Department of Veterans Affairs, U.S. Department of Defense

Educate American nurses to care for our nation’s veterans, service members and their families:

- Post-traumatic stress disorder, traumatic brain injury, depression, complexities of nursing assessment and care

Mount Carmel College of Nursing is part of Trinity Health—among the largest Catholic healthcare systems in the United States with an extensive network of acute-care hospitals, outpatient facilities, long-term care facilities and numerous home health offices and hospice programs throughout the United States—and a subsidiary of Mount Carmel Health, an integrated healthcare delivery system located in Columbus, Ohio.

Our Accreditations

Mount Carmel College of Nursing is accredited by the Higher Learning Commission (HLC), <http://hlcommission.org>. The baccalaureate and master’s programs at Mount Carmel College of Nursing are accredited by the Commission on Collegiate Nursing Education (CCNE), One Dupont Circle, NW, Suite 530, Washington DC 20036, (202) 887-6791.
